

[Becoming Bulldogs](#)

My name is Jarrod Redcliffe. I am 23 and I am from Wodonga. I was born very early at 26 weeks gestation. I spent a lot of my early years in and out of hospital having surgery, and was PEG fed on and off until I was 12. I also have Autism.

Some of my favourite things are cooking and football followed closely by golf.

I play for the [Jindera Bulldogs](#) football club and the Wodonga Bulldogs All Abilities football team. I have made it to the highest level of all abilities football. I have been selected for Vic Country 3 times and I also have been selected in the [All Abilities Australian Team](#) twice. My footy journey has even been documented in, '[Becoming Bulldogs](#)'

I also love playing golf. I almost got a hole in one once.... but it bounced out.

I am an apprentice pastry chef 4 days a week. I have worked in some of the best kitchens in the region. I am currently working at [Frankies](#) in Albury and I love making all the pastries and cakes.

I love showing everyone what people with disabilities can do. I love proving people wrong. I decided to do Nikki's photoshoot because I like to challenge myself. Even though I found some of it challenging, I would love to do more modelling one day.
