

My name is Meg Pargeter. I am 24 Years old and live in Albury NSW. I have [Kabuki Syndrome](#), a very rare disability which comes with medical complications, some physical differences, and an intellectual disability. Every person with Kabuki syndrome is different, in the sense that our disability can be more or less severe.

Kabuki Syndrome has not been a bad thing in my life. It is just part of who I am.

I love spending time with my friends and everything Sport! I play [AFL](#) as the only female in the [Wodonga Bulldogs All Abilities team](#), and I play Cricket in the Summertime. I play Netball with [Wodonga Netball Association All Abilities team](#) and I'm a rep swimmer with [Ovens and Murray Special Olympics](#).

I work at the [Hume Bank](#) one day a week in the Credit Department and spend 2 days a week working on my Art and Sewing Projects, which I then sell.

I have thoroughly enjoyed participating in the Blind Grit Photo Shoot. I think that all young people with a disability should have a great life.

I like public speaking and sharing my experiences with other people with a disability and their families. I have been invited to speak to various Community Groups and Schools to share my story and I promote Inclusion for people with a disability. I spoke at the [Australian Disability Employment Conference](#) in 2016 promoting the [Employment Circles of Support](#) project and how my circle had helped me with my job goal and my journey to employment.

I have featured in many stories in the local newspaper about the achievements of people with a disability, and I was on the front of the [Belonging Matters](#) Periodical, "Thinking about Change".
